## The News.

Private dispatches said to have been received in New York indicate a forward movement on the part of Grant. The Danville railroad is supposed to be the object of the movement. Our dispatches are silent, in relation to it.

The rebel General Price seems to have been badly used in the late battles in Missouri. He has been driven over 60 miles, and suffered severely in men, his losses amounting to over 2,500. Our loss is set down at 600.

The name of a new U. S. Senator, from Maine, in place of Mr. Fessenden, is announced.

Our forces at Vicksburg and Natchez have recently made several important and successful raids into Mississippi, making valuable captures.

Governor Salomon at the Cooper Institute.

Governor Salomon, of this State, spoke for Lincoln and Johnson in the German language at the Cooper Institute in New York, on the evening of the 24th inst. The Times reports his speech at some length and concludes thus:

"The speaker was very eloquent and logical in his remarks, and at the conclusion of his address the audience fairly rose en masse in their seats, and cheered lustily for some moments."

Gov. Salomon ought to be invited to Janesville before the campaign closes.

The Chicago Post is one of the soundest as well as one of the ablest Democratic papers in the Northwest. Its "order of Democracy" is that of Douglass, and not that of Long or Vallandigham, or Jeff Davis: Green Bay Advocate.

The Post's order of Democracy is that of George B. McClellan and George L. Pendleton. To say nothing of McClellan, Pendleton occupies precisely the same position as Long, and is as much of a traitor to-day as Vallandigham. Besides, Vallandigham was not only the ruling spirit in the Chicago Convention, but moved to make the nomination of George B. McClellan unanimous. It comes upon a poor grace from those who pull down McClellan and Pendleton and the Chicago platform, to turn up their nose at Vallandigham. In his criminality he towers above the others only because he has more brains.

The copperheads in Milwaukee testify their appreciation of honesty by pointing Jackson Hindley for the legislature. Jack was secretary of the old La Crosse Railroad in the rottenest days of that unscrupulously rotten and corrupt institution. He figured conspicuously in the great long grant swindle, when Wisconsin legislators were bought like cattle in the market. If he is elected, God save the Commonwealth!

Opposed to him is Col. Geo. H. Walker, a War Democrat, and as honest as Hindley is corrupt, which is saying a great deal for the Colonel.

MASS. MEETING IN MADISON.—An immense mass meeting was held in Madison last Saturday, at which General Schurz, Hon. I. N. Arnold, George C. Bates, Governor Lewis and a number of others made speeches. Those who were present represent it as one of the largest and most imposing political demonstrations ever held in Wisconsin. Dane county will give a good account of herself on the 8th of next November.

The New Nation denies that the Fremont Germans are rallying around McClellan. It declares that the great majority of them are for Lincoln. "General Sigel," it says, "who, of all has the most legitimate cause for complaint, forgets his personal resentments in favor of the people and liberty, and supports the Administration."

The Louisiana cotton crop is reported to be a failure. Planters will not get more than one-tenth of a bale per acre. The new trade regulations in Mississippi are reported to have almost put a stop to all trade. Gen. Canby has made an assessment of \$500,000 on the rebel sympathizers of his department, for the benefit of the poor.

A TRICK pamphlet has just been published, to prove that President Harrison and Taylor were assassinated by poison in the interest of the South, and that the mysterious National Hotel epidemic, in 1857, was the result of a similar attempt on the life of Mr. Buchanan.

A GREAT deception is practiced upon the soldiers by the circulation of Copperhead electoral tickets, labeled "Union Soldiers' Vote." Friends of the soldiers should see to the prevention and counteraction of this insidious mischief.

The Committee of the Massachusetts Executive council on pardons have reported against commuting the sentence of Green, the Malton murderer, and have recommended that a day be appointed for his execution.

The New York Times says that Sheridan's crowning victory of the war, revives the positive assertion that he will succeed Gen. Meade in command of the Army of the Potomac, and the people say, Amen.

THE NEW LOAN.—General Fremont is one of the takers of the loan. He is willing to trust the Republic to the amount of \$50,000, which shows that he has faith in the country and the cause.

PATENTS have recently been issued to Richard Tattershall of Beloit, for a buckle for harness tugs; and to Owen Turner of Clinton for an apparatus for handling vicious horses.

## Southern News.

BY THE YELLOW FEVER AT NEWbern—DREAM MORTALITY.—  
(From the Wilmington Journal, Oct. 16.)

A letter received by a gentleman here states that there had occurred in Newbern within twenty-four hours—that is to say, on day and one night—one hundred and nineteen deaths from yellow fever. This is fearful, and appears almost incredible still the writer of the letter is a perfectly truthful gentleman, and places full reliance in the information upon which his statement is based. "This can hardly, we suppose, be taken as an average or anything like it. Still the average is undoubtedly high. The Yankee troops have been hurried off into the woods or anywhere. Of course they have suffered.

THE FEVER AT WILMINGTON.—  
(From the Wilmington Journal, Oct. 16.)

"Unless we have a change of wind to the south, with warm damp weather, we apprehend no danger from the spread of the disease; but as we have no guarantee that such change of wind may not take place at any time, we see no reason for changing our advice those who can conveniently, got their families out of town, and that, to get them out without hurry and without panic, but simply as a matter of precaution.

THE DISEASE RAGING AT CHARLESTON.—  
(From the Richmond Whig, Oct. 16.)

At Charleston the disease is said to be on the increase. The mortality among children is very large. Some neighborhoods seem to be more afflicted than others. Especially is this the case around the Arsenal. Its introduction has been owing to the want of proper precaution in allowing blockade runners too free access to the city on arriving from Nassau and other affected ports.

REPORT OF NORTH CAROLINA FOR STATE OFFICERS.—  
(From the Richmond Sentinel, Oct. 20.)

The official vote of North Carolina at the late election for Governor was: Whole vote polled, seventy-two thousand five hundred and sixty-one; of which Z. B. Vance received fifty-eight thousand and seventy, and W. W. Holden, fourteen thousand four hundred and sixty-one; Vance's majority, forty-eight thousand six hundred and nine. Holden's vote would have been elected if he had a fair chance; but he is rather too far behind for excuses.

THE PEACE CONVENTION.—The Convention of Peace Democrats, which met at Cincinnati on the 18th, and continued in session two days, adjourned on the 20th. They have issued an address to the people and appointed an executive Committee from each State with instructions to call another Convention on the first Monday in December for the purpose of organizing the new party. In their address, they condemn the抗拒 of Mr. LINCOLN and therefore deem it useless to make nominations at the present time. Another reason for not making nominations is that one could be found who would be willing to run, there not being the slightest chance of success. After election however, they propose to organize the party in such a position that it was not seen by the engineer of the train in question, consequently the train ran off the track, killing one man, a brakeman, and severely injuring three others.

WHEELER AND WILSON'S SEWING MACHINE.—In another column will be found an advertisement of Mrs. Coe, setting forth the merits of the Wheeler & Wilson sewing machine. The excellence of this machine is well known, but what speaks most in its praise is the rapidity with which it sews. In fact we are informed that it is quite difficult to obtain enough from the manufacturers, to meet the demands of the market. Mrs. Coe is an energetic, wide awake agent, and will always be found ready to show the Wheeler & Wilson.

WHEN THIS ADMINISTRATION PUTS ITS POLICY ON PAPER, WE MUST SUPPORT IT, WHETHER WE LIKE IT OR NOT.—  
W. H. SMITH, in a nut-shell, says that they don't like to do it. That's politics; let the cat out. Well, if the police will not preserve order, the people who believe that the great principle of free speech is worth sounding, must go to public meetings prepared to defend it. The fathers of the republic bought this privilege at a great cost of blood, and we are slaves, and deserve to be, if we yield it without a struggle.

If the next legislature does not give us a police bill that will take our guardians of public order out of the political ring, we are not a prophet. Start the move for a metropolitan police bill at once! If the business men of the city see so, it can be carried, and then a man will not be obliged to pay extra premium on his life insurance if he resides in the 3d Ward or attends a Union meeting.

WHO GO FOR McCLELLAN.—Vallandigham, the traitor, goes for McClellan.

Wall, the notorious New Jersey copperhead and traitor, is for McClellan.

Every man who claims for peace and disengaged submission to traitors, is McClellan man.

Every man who utters the standing lie that the "Abolitionists" commanded the war is for McClellan.

EVEY REBEL GENERAL, COLONEL, AND CAPTAIN, are in favor of the election of Geo. B. McClellan.

EVERY KNIGHT OF THE GOLDEN CIRCLE is for McClellan.

EVERY OFFICER WHO HAS BEEN DISMISSED FROM THE ARMY, WILL VOTE FOR McClellan.

EVERY CONTRIOR WHO HAS BEEN DETECTED IN DEFRAUDING THE GOVERNMENT, HURTS FOR McClellan.

EVERY DESERTER FROM THE ARMY IS FOR McClellan.

EVERY MAN WHO VOTES AGAINST THE LAW ALLOWING THE SOLDIERS' VOTE, GOES FOR McClellan.

EVERY MAN INTERESTED IN THE BRITISH REBEL AGENT, AUGUSTUS BELMONT, OF NEW YORK, IS A WARM FRIEND OF McClellan.

SUCH IS THE CHARACTER OF THE LEADING SUPPORTERS OF McClellan. Friends of the Union, what think ye of them?

BAY RUM.—A pleasant, refreshing and cooling perfume. An excellent article for the hand or hair, and also useful to water for washing, especially in warm weather.

CHAMOMILE.—A good preparation of the人民的 CHAMOMILE.

COFFEE.—French, Mocha, Cuban, and other kinds, from the best and most reliable dealers.

COKE.—A good article of the People's Coke.

Wisconsin Politics.

The Burlington Standard speaks enthusiastically of a Union meeting there, addressed by Gen. Paine and O. H. Waldo, Esq. It says: "Gen. Paine did much good here, which will be manifest on the 8th of November."

The Freeman says Waukesha county Union men are wide awake. Meetings are being held all over the county. There was an immense meeting on Saturday at Waukesha, eloquently addressed by Hon. O. H. Waldo and Gen. H. E. Paine.

The Register says there was a great rally of the loyal men of Walworth county at Whitewater on Wednesday of last week. Gen. Paine, Judge Hubble and O. H. Waldo made most eloquent and effective speeches. The Register says they mean to move on the enemy's works along the whole line in that quarter on election day, and calculate to carry all before them.

Mr. Bundy, of the Sentinel, who was present at Whitewater, writes enthusiastically of the meeting there, and of the progress of the campaign in Walworth.

The Elkhorn Independent says, Matt. H. Carpenter addressed a large audience on the political issues of the day at that place recently. His speech was outspoken for Lincoln, Johnson, and the perpetuity of the Union. "Mr. Carpenter is one of that noble class of Democrats, whose loyalty is too true to allow affiliation with McClellan and Secession, and whose courage is too good to allow the craven cry of 'peace,' when armed traitors thunder at the doors of the Temple of Liberty. He is doing good work in a sacred cause."

The Monroe Sentinel gives account of a great Union meeting there last week, on which occasion, it says: "We have never seen such a large gathering during our three years residence in Monroe, as strengthened our streets." Senator Doolittle and General Fairchild spoke with telling effect.

The Watertown Republican gives account of several spirited Union meetings held in Jefferson county, where a great deal of good work for the Union cause is being done.

The Sparta Eagle gives a full account of a large Union meeting there, and of an able and eloquent speech by Senator Howe. An active canvass of Monroe county is making, which will show good fruit at election time.

The Home of Pendleton.

If there is any place in the country where Pendleton is thoroughly known, it is in Cincinnati, his home. The vote of that city is therefore of more than ordinary significance. Two years ago the two Congressional Districts, of which Cincinnati contains nine-tenths of the inhabitants, voted as follows:

Pendleton, Dem..... 5,746  
Greene, Union..... 4,418  
Pendleton's majority..... 1,332  
Long, Dem..... 5,312  
Gurley, Union..... 5,081

Total Democratic majority..... 1,235

This year the same district gives over six thousand majority, or a clear gain of 7,258 votes!

A gain of 7,258 votes in the home of the copperhead candidate for Vice President will answer the present purpose tolerably well. "Mr. Chairman," said George H., "I say again that my constituents are in favor of conciliation; they are in favor of peace!"

Stocks of goods and personal property have increased in value from two to three hundred per cent., since 1862. Have you increased your insurance in proportion? It costs double to build now, over and above what it did in 1862. You may well ask, am I insured? and if so, am I in the companies that are able to stand up against the breakers that are just ahead? Look out for squalls about these days. Grant, Sherman & Co., are likely to injure the small fry. Dimock, at Insurance Headquarters, Lappin's block, Janesville, Wis., has the sound Old Companies that have been through the wars before. You will have the same agents to deal with five years from now that you had five years ago and that you have to-day. We pay when we lose.
